

Smallthorne PE and Sport Premium Funding

What is the PE & Sport Funding?

The Government has provided additional funding for schools, since 2013, to improve the quality of PE and sport they offer. This funding is jointly provided by the Departments for Education, Health and Culture, Media and Sport. This year the sum has been doubled and the Sugar Tax is also used for funding. Smallthorne received in total £17,780.00. Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.

This means that you should use the premium to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years

Click [here](#) for the Department for Education link to the Primary School's Sport Funding page.

How will we be spending the PE & Sports Funding in 2017/18 and who will benefit?

Our Objectives:

- To provide a wider range of PE and sports available in school.
- To provide a range and increased participation in before and after school clubs.
- To provide a wider range and increased access to Level 2 competitions in a variety of sports.
- To provide a minibus to ensure participation in events and competitions across the CLT/City.
- To establish a system for measuring the fitness of pupils, tracking improvements and targeting any key groups and areas.
- Pupils who need to increase activity levels are given the chance to participate against others of a similar ability and potential
- Greater confidence in planning and delivery of PE lessons (CPD and Scheme of Work) - All areas of the PE curriculum are at least good.
- Increased Daily Physical Activity (DPA) for all pupils through the Golden Mile and improvements to outdoor facilities (dependent on additional funding).

Key achievements to date: 2017-18- allocation £17,780

- A key achievement so far this year would be the high quality CPD which teachers have been able to be a part of. Based on surveys completed in school, we have been able to find out key target areas for PE, thus directing the teachers onto courses which will be of most benefit to them.
- More children have been able to take part in clubs this year due to the affiliation with Premier Sport. Teachers themselves have also ran clubs, meaning that the children can try to develop a wide range of different skill sets while at Smallthorne. Children have taken part in Martial Arts, Bubble Sports, Laser Tag and these are all sports which were not available last year.
- Based on research conducted on our clubs, we recognised that girl's participation was an issue. As a result, we targeted girl's participation in clubs and level 2 sports and these have increased greatly this year as shown in our clubs analysis document.
- We have also a number of sporting successes with a number of pupils representing both Smallthorne Primary and Burslem Town.

Our Expenditure 2017-18:

	Focus and Impact on pupils	Cost	Actions	Evidence	Sustainability and suggested next steps
Premier Sports	<p>Premier Sports Core Offer: CPD for Staff</p> <p>Key 3</p> <p>Increased confidence of staff to deliver high quality PE. 	TOTAL	£18,243.10	£17,780 Sports Funding	£463.10 subsidised by the school.	

Primary PE and Sport Premium - Key Indicators

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. There are 5 key indicators that schools should expect to see improvement across:

1. The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
2. The profile of PE and sport is raised across the school as a tool for whole-school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport
